2 personnes12 minutesEasy

Ingredients

- 8 Brioche Loaf slices
- 1 cup (16 tablespoons) Nutella® hazelnut spread
- Water, for brushing
- Optional toppings: whipped cream, sliced strawberries, chopped nuts

Preparation

Coat a waffle iron with cooking spray and preheat the iron according to the manufacturer's directions.

Trim the crusts from the brioche slices and discard. Place 4 slices on a clean work surface and spoon 2 tablespoons of Nutella® onto the center of each brioche slice. Then spread Nutella® over the slice, leaving a ¼-inch border around the edges. Lightly brush the brioche edges with water. Top with the 4 remaining brioche slices.

Cook the Nutella sandwiches in the waffle iron 30 seconds, or until crisp and golden brown.
